

Journal of the Malaysian Society of Applied Biology

Effects of sodium chloride on cellulase production by *Aspergillus terreus* SUK-1

W. Y. Wan Mohtar, O. Othman, J. Kader, S. Suresh and J. Shree Mario

| [Abstract & References](#) | pp. 1 |

Comparative leaf anatomical studies of some *Heritiera Dryand* species (Sterculiaceae)

Khatijah Hussin, Zaharina Mohamat Sani and Fauziyah Mohd Zain

| [Abstract & References](#) | pp. 7 |

Acute toxicity of neem based pesticides on *Lymnaea acuminata*

Kiran Singh and O.K. Singh

| [Abstract & References](#) | pp.15 |

Detection of enterotoxigenic *Escherichia coli* associated with diarrhoea by biotinylated heat-stable enterotoxin (ST) DNA probe

Son Radu, G. Rasul, M.I.A. Karim and K. Yusoff

| [Abstract & References](#) | pp. 19 |

Antiviral activity of (s)-9-(3-hydroxy-2-phosphonylmethoxypropyl) adenine (HPMPA) against equine herpesvirus type-1 (EHV-1) in mice

M.L. Mohd-Azmi and H.J. Field

| [Abstract & References](#) | pp. 25 |

Cytogenetics of interspecific hybrids and backcross progenies from *Oryza saliva* x *O.minnuta* crosses

A.L. Mariam, A.H. Zakri, M.C. Mahani and M.N. Normah

| [Abstract & References](#) | pp. 33 |

Effects of garlic (*Allium sativum* L.) bulb volatiles on development and reproduction of rice moth (*Coreyra cephalonica* Stainton)

G. Gurusubramaniam, P.D. Partho and S.S. Krishna

| [Abstract & References](#) | pp. 39 |

Biodiversity of arthropods of wet paddy ecosystems in Malaysia

S.T.S. Hassan and MM. Rashid

| [Abstract & References](#) | pp. 45 |

Evaluation and variability of eggplant (*Solatium melongena* L.) complex in Malaysia

Sayed M.Z. Hasan and Hiryati Abdullah

| [Abstract & References](#) | pp. 55 |

Truncation selection of ortets for clonal evaluation in cocoa

Shaharudin Saamin

| [Abstract & References](#) | pp. 63 |

Chrysopidae attraction to floral fragrance chemicals and its vertical distribution in a Malaysian lowland tropical forest

Ahmad S. Sajap, Kaoru Maeto, Kenji Fukuyama, Faujan B.H. Ahmad and Yaacob A. Wahab

| [Abstract & References](#) | pp. 75 |

Optimisation of the immunoperoxidase method for the detection of keratin using polyclonal antikeratin antibody

Wan Zurinah Wan Ngah, Ng Mee Lian, Janagee Bai Sinnadurai and Nor Aripin Shamaan

| [Abstract & References](#) | pp. 81 |

Pathogenicity studies on the seed-borne phases of *Alternaria spp.* on cauliflower and cabbage

Mohd. Imran Khan, Azizah Hashim, M. Abul-Fazal and Munawar Fazal

| [Abstract & References](#) | pp. 87 |

An additional bibliography of Malaysian lichenology

D.J. Galloway, L.B. Din and A. Latiff

| [Abstract & References](#) | pp. 93 |

Short Communication

Is *Diadegma insulare* (Cresson) (Hymenoptera: Ichneumonidae) a nectar or a pollen feeder?

A.B. Idris, A.M. Norhayati and E. Grafius

| pp. 101 |

Detection of *Nosema bombycis* (Naegeli) in diamondback moth using Giemsa stain

A.B. Idris, B.A.H. Zainal-Abidin and A.M. Norhayati

| pp. 105 |
