

Journal of the Malaysian Society of Applied Biology

Cover: *Rafflesia oricei* Meier is an endemic species found in Borneo. **Photograph courtesy of Kamarudin Mat Salleh.**

Contamination of Temuan Orang Asli (Aborigine) household water with faecally-transmitted parasite

Lim, Y.A.L. and Ahmad, R.A.

| [Abstract & References](#) | pp. 1 |

Effects of thermal effluent discharge on estuarine fish community in Kapar, Malaysia

Samat, A., Mohd-Rozali, B.O., Asmizah, B.I. and Wan-Lofti, W.M.

| [Abstract & References](#) | pp. 7 |

Effect of ecological factors on the silk producing potential of mulberry silkworm (*Bombyx mori*

Linn.)

Upadhyay, V.B., Gaur, K.P. and Gupta, S.K.

| [Abstract & References](#) | pp.13 |

Comparison of endoglucanases from anaerobic rumen bacteria *Fibrobacter succinogenes*

and *Rumi*

nococcus flavifadens

Wong, C.M.V.L., Sieo, C.C., Abdullah, N. and Ho, Y.W.

| [Abstract & References](#) | pp. 19 |

Recovery of transgenic chili using cotyledonary nodes via *Agrobacterium tumefaciens* mediated transformation

Izmanizan, I., Zamri, Z. and Siti-Norlidah, T.

| [Abstract & References](#) | pp. 27 |

Allometric relationships for estimating above and below ground biomass of saplings and trees of *Bruguiera parviflora*, (White and Arnold)

Mahmood, H., Saberi, O., Japar-Sidik, B., Misri, K. and Rajagopal, S.

| [Abstract & References](#) | pp. 37 |

Effects of trypshi on cross-fertilization capacity among sea urchins, *Tripneustes gratilla*, *Pseudoboletia Indiana*

and

Toxopneustes pileolus

Rahman, M.S., Uehara, T. and Hiratsuka, Y.

| [Abstract & References](#) | pp. 47 |

Solid state fermentation for lipase production by a locally isolated *Aspergillus terreus* USM E5 using rubberwood sawdust as substrate

How, S.P., Ooi, A.N. and Ibrahim, C.O.

| [Abstract & References](#) | pp. 53 |

Toxicological effects of stem bark of *Thevetia peruviana* and *Alstonia scholaris* on the freshwater snail

Lymnaea acuminata

Singh, S.K., Yadav, R.P., Singh, D. and Singh, A.

| [Abstract & References](#) | pp. 61 |

Feeding habits of selected insectivorous bats in Perils, Malaysia

Zubaid, A., Idris, B.C. and Tan, D.

| [Abstract & References](#) | pp. 69 |

Oviposition deterrent and ovicidal activity of solvent extracts of 50 plants against the armyworm *Spodoptera litura* Fab. (Lepidoptera: Noctuidae)

Raja, N., Jayakumar, M., Elumalai, K., Jeyasankar, A., Muthu, C. and Ignacimuthu, S.

| [Abstract & References](#) | pp. 73 |

The shell of the Green-lipped mussel *Perna viridis* (Linnaeus) as a biomonitoring material for Zn: Correlations of shells and geochemical fractions of surface sediments

Yap, C.K., Ismail, A. and Tan, S.G.

| [Abstract & References](#) | pp. 83 |

Comparative leaf anatomy of *Morinda citrifolia* L. and *Morinda elliptica* Ridl. (Rubiaceae)

Khatijah, H.H.

| [Abstract & References](#) | pp. 93 |

Short Communication

Expression analysis of *Candida albicans* NRG1 during growth under different stress conditions

Abdul-Munir, A.M., Brown, A.J.P. and Farah-Diba, A.B.

| pp. 99 |

A comparison of heavy metal (Cd, Cu, Pb and Zn) concentrations in the mussels (*Perna viridis*

and

Perna canaliculus

) bought from supermarkets with those of biological samples reported from Malaysia

Yap, C.K., Ismail, A. and Tan, S.G.

| pp. 103 |
